This plat being made in accordance with said survey is hereby adopted as a true and correct plat of those lands.

All rights of way, unobstructed drainage easements and unobstructed drainage and access easements hereon are hereby irrevocably and without reservation dedicated to the City of Jacksonville, a Florida Municipal Corporation, its successors and assigns (City). The non-exclusive drainage easements over, under, across and through the stormwater management facilities shown on this plat are hereby irrevocably dedicated to the City of Jacksonville, and are subject to the following covenants which shall run with the land:

- (1) The drainage easements hereby dedicated shall permit the City of Jacksonville to discharge into said stormwater management facilities which these easements traverse, all water which may fall on or come upon the rights of way dedicated by this plat, together with all substances or water which may flow or pass from said rights of way, from the adjacent land or from any other source of public waters into or through said stormwater management facilities, without any liability whatsoever on the part of the City of Jacksonville for any damage, injuries or loss to persons or property resulting from the acceptance or use of these drainage easements by the City of Jacksonville.
- (2) The Stormwater Management Facility as shown on this plat is owned in fee simple title by the abutting owners. Their successors and assigns, and all maintenance and any other matters pertaining to said stormwater management facility are the responsibility of Sarah's Landing Homeowners Association, Inc., its successors and assigns. The City of Jacksonville by acceptance of this plat assumes no responsibility whatsoever for said stormwater management facilities.
- (3) The City of Jacksonville shall not be liable nor responsible for the creation, operation, failure or destruction of water level control equipment which may be constructed or installed by the Owner or any other person within the area of lands hereby platted, or of the stormwater management facilities shown on this plat, but shall have the right to maintain the water level in accordance with any State and local permits, including the repair, removal or replacement of the stormwater management facility and control structures to effect adequate drainage for the rights of way dedicated hereon.

The Owner does hereby reserve unto itself, its successors and assigns, a non-exclusive easement for landscaping and construction of signs over all non-access easements shown on this plat, the dedicated maintenance responsibilities of which shall be those of Sarah's Landing Homeowners Association, Inc., its successors and assigns.

Tracts "A" and "X" (Open Space) are hereby dedicated and shall remain privately owned and the sole and exclusive property of the "Owner", its successors and assigns.

This section shall not apply to those private easements granted to or obtained by a particular electric, telephone, gas or other public utility. Such construction, installation, maintenance, and operation shall comply with the National Electric Safety Code as adopted by the Florida Public Service Commission.
