Section 4.3 Stormwater Management System.

(a) Blanket Easement. The plan for the development of the Property includes the construction of a Stormwater Management System including, without limitation, retention areas, swales, dry ponds, conduits, and berms on portions of certain Lots as shown on Exhibit A attached hereto and incorporated herein. Developer reserves for itself, its successors and assigns, and conveys to the Association, its designees and agents, a nonexclusive, perpetual, alienable blanket easement over, under and across the ground within the Property, including any platted easements and any easements reserved herein or otherwise, for ingress, egress, installation, replacement, repair, use and maintenance to maintain and correct the drainage of surface water. Such right expressly includes the right to cut any trees, bushes or shrubbery, make any gradings of the soil, construct or modify any berms placed along the rear of Lots as part of the Stormwater Management System, or to take any other similar action reasonably necessary, following which Developer or the Association shall restore the affected property to its original condition as nearly as practicable; provided, however, that Developer or the Association shall not be required to replace or repair fences, walks, structures, landscaping, or other improvements which are removed or damaged. Developer or Association shall give reasonable notice of intent to take such action to all affected Owners, unless, in the opinion of Developer or the Association, an emergency exists which precludes such notice. The right granted hereunder may be exercised at the sole option of Developer or the Association and shall not be construed to obligate Developer or the Association to take any affirmative action in connection therewith.

(b) Conservation Easement. Developer hereby creates a Conservation Easement over, under and across that portion of the Property lying westerly of the Lots shown on Exhibit A and as designated by the St. Johns River Water Management District and Department of Environmental Regulation Wetlands Jurisdictional Lines.

Developer reserves for itself, its successors and assigns, and grants to the Association, a perpetual nonexclusive easement over, under and across the rights of way and easement areas shown on any recorded plat of the Property as to those Lots adjacent to or compromising a part of the Conservation Easement located along the westerly boundary of the Property, as described above, for ingress, egress, installation, replacement, and maintenance of the vegetation and the maintenance and correction of surface water drainage within such Conservation Easement. This easement shall in no way affect any other recorded easements on the Property. Those portions of the Conservation Easement located outside the Lots shall be conveyed to and maintained by the Association. Each Owner whose Lot contains any portion of the Conservation Easement shall maintain the vegetation and the embankment of any retention area within such Conservation Easement in a clean and aesthetically attractive manner, so as to prevent erosion. If an Owner fails to maintain the vegetation and embankments as provided herein, the Association, after ten (10) days' written notice to the Owner and approval by the majority of the Members of the board of Directors, shall have the right to enter upon such Lot to replant, restore, replace and maintain any part of such vegetation and embankments. All costs related to such restoration or maintenance shall be a Lot Assessment (as hereinafter defined) payable by the responsible Owner immediately upon receipt of a written invoice or statement therefor.

(c) Maintenance Easement. The Association is granted a perpetual, nonexclusive easement for ingress and egress over and across the Stormwater Management System and over a parcel of land extending landward five feet (5') from any water's edge and from the retention areas as shown on the Plat of the Property for the purpose of providing the maintenance required herein. The Association is granted a perpetual non-exclusive easement for ingress and egress over and across the Stormwater Management System for the purpose of providing maintenance and erosion control to the embankments of such retention areas.

(d) Maintenance. Except as specifically set forth herein to the contrary, the Association is responsible for the maintenance, operation, and repair of the Stormwater Management System. Such maintenance shall include the exercise of practices which allow the Stormwater Management System to provide drainage, water storage, conveyance, or other capabilities in accordance with all the permits, statutes, rules, and regulations pertaining to surface water management, drainage, and water quality promulgated by the St. Johns River Water Management District, Florida Department of Environmental Protection, and all other local, state and federal authorities having jurisdiction. The association shall be responsible for the routine removal and disposal of trash which may accumulate within the Stormwater Management System. The Association shall maintain and control the water level and quality of the Stormwater Management System and the bottoms of any retention lakes or drainage easements which retain or hold stormwater on a regular basis. The Association shall have the power, right, obligation and responsibility, as may be required by any applicable governmental entity, to control and eradicate plants, fowl, reptiles, animals, fish, and fungi in and on any portion of the retention lakes or drainage easements. The Association shall maintain all shoreline vegetation and the grade and contour of all embankments to the water's edge (as it may rise and fall from time to time), to keep the grass, plantings, and other lateral support of the embankments in a clean and safe manner and to prevent erosion; and to maintain grass at 3" height at all times. The Association shall be obligated to accept an assignment of any and all Stormwater Management System permits and the Association shall execute any minutes or other documents required to cause the permits to be transferred to the Association from the Developer, and accepting complete responsibility for any and all Stormwater Management System permits for the Property.

(e) Improvements. In the event that Developer, an entity designated by Developer, or the Association shall construct any bridges, docks, bulkheads or other Improvements which may extend over onto the retention area within the Stormwater Management System or construct any similar Improvements to support or enhance the Stormwater management System, the Association shall maintain all such Improvements in good repair and condition. No Owner, except Developer, its designees, or the Association shall be permitted to construct any Improvements, permanent or temporary, on, over or under any portion of the Stormwater Management System without the written consent of the Association and the approval of the ARB, which consent or approval may be withheld for any reason. Any improvements to the Stormwater Management System permitted by the Association and installed by the Owner shall be maintained by such Owner in accordance with the maintenance provisions of this Declaration.

(f) Compliance with Stormwater Management System Permits. Stormwater Management System Permits have been issued authorizing construction and operation of the Stormwater Management System to serve the Property. No alteration to any part of the Stormwater Management System, including but not limited to, lakes, swales, and pipes, will be allowed without the written

consent of Developer or the permit issuing governmental body. All clearing, grading and other construction activities must comply with the terms and conditions of the permits. Specifically, the Owners of Lots requiring rear lot water treatment are required to install rear lot water treatment at the time of residence construction in accordance with the terms and conditions of said permits and said Owners or their heirs, successors or assigns shall be responsible for the continuing compliance with said permit. In the event any Owner fails to comply with the terms of permit, the Association shall have the right to enter upon the premises to bring any Lot into compliance and levy a special assessment against the Lot for cost incurred as a result thereof.

(g) Use and Access. Developer and the Association shall have the right to adopt rules and regulations from time to time in connection with the use of the surface waters of any portion of the Stormwater management System, and shall have the right to deny such use to any person who, in the opinion of Developer or the Association, may create or participate in a disturbance or nuisance on any part of the Stormwater management System. The use of such surface waters by the Owners shall be subject to and limited by the rules and regulations of Developer and the Association, all permits issued by governmental authorities, and any rights granted to other persons pursuant to the rules and regulations of Developer and the Association. The Owners shall have access to the Stormwater Management System only over that portion of the Common Property designated for such purpose by Developer or the Association. Only Developer and the Association shall have the right to pump or otherwise remove any water from any part of the Stormwater Management System for purposes of irrigation or any other use. No watercraft shall be operated on any portion of the Stormwater Management System, including the retention lakes, except those used by Association approved persons for lake maintenance. Swimming in the retention lakes shall be prohibited.

(h) Enforcement and Liability. In addition to the provisions of Section 12.4, the St. Johns River Water Management District shall have the right to seek enforcement of any of the provisions of this Declaration relating to the Stormwater Management System. Neither Developer, nor the Association shall have any liability whatsoever to Owners, guests, tenants, or invitees in connection with the Lakes and each Owner, for itself and its guests, tenants or invitees, hereby and by acceptance of a Deed to, or use of, any Lot releases Developer and the Association from any liability in connection therewith. *Any amendment to the Covenants and Restrictions which alter any provision relating to the surface water or stormwater management system, beyond maintenance in its original condition, including the water management portions of the common areas, must have the prior approval of the St. Johns River Water Management District.*

Addition of lands to, or withdrawal of lands from this Declaration shall be made and evidenced by filing in the public records of St. Johns County, Florida, a supplementary declaration with respect to the lands to be added or withdrawn. Developer reserves the right to so amend and supplement this Declaration without the consent or joinder of the Sub-Association or of any Owner or mortgagee of land in Marsh View at Ponte Vedra Shores.

Section 3.2 Platting and Subdivision Restrictions. Developer may from time to time, plat or replat all or any part of the Property, and may file subdivision restrictions and amendments thereto with respect to any undeveloped portion of the Property or any after acquired property.

**ARTICLE IV
PROPERTY RIGHTS**

Section 4.1 Owners Easement of Enjoyment. The Sub-Association shall at all times be responsible for the maintenance of the Common Property. When the Developer no longer owns any Lots within the Property or, at Developer's option, at any earlier time, the Common Property shall be conveyed to the Sub-Association subject to any taxes for the year of conveyance, restrictions, conditions, limitations, easements of record for drainage and public utilities and perpetual non-exclusive easement for ingress and egress granted to the Master Association. Every Owner shall

have a right of use and an easement of enjoyment in and to the Common Property of the Sub-Association, which shall be appurtenant to, and pass with, the title to every Lot subject to the following:

4.1.1 The right of the Sub-Association to take such steps as are reasonably necessary to protect the Common Property against foreclosure.

4.1.2 The right of the Developer or the Association to grant easements and rights of way as either may deem appropriate for the property development and maintenance of the Property, including and without limitation, the Developer/s right to reserve an easement for itself, its successors and assigns for ingress, egress, maintenance and utilities over all roadways and Common Property.

4.1.3 All provisions of this Declaration, any plat of all or any parts of the Property, and the Articles and Bylaws of the Association.

4.1.4 Rules and regulations governing use and enjoyment of the Common Property adopted by the Association. Easements and restrictions of record affecting any part of the Common Property.

4.1.5 Provisions of the Restated Declaration.

4.1.6 Each Lot shall be provided access via a joint and recognized driveway that may be located partially within the Common Property. The driveway serving each Lot is hereby designated for the exclusive use of the Owner of the Lot served, his guests, invitees and authorized delivery persons.

Section 4.2 Reciprocal Easements. Reciprocal appurtenant easements are hereby created between each Lot and the adjacent portion or portions of the Common Property, and between adjacent Lots, for (i) the existence, maintenance, repair, and reconstruction of any roofs, exterior walls or party walls, driveways, as provided in this Declaration for the benefit of those persons or entities, including the Association, responsible for or permitted to perform such maintenance, repair and reconstruction; (ii) lateral and subjacent support; (iii) overhanging roofs, eaves, pull-off parking spaces (and the use thereof for permitted parking purposes), and trees, if any, installed by Developer as part of the Work, and their replacements; (iv) encroachments caused by the unwillful placement, settling, or shifting of any improvements (including Unit walls) constructed, reconstructed, or altered thereon in accordance with the provisions of this Declaration; and (v) the drainage of ground and surface waters as part of the Work.

The extent of such easements for maintenance, drainage, support, and overhangs is that reasonably necessary to effectuate their respective purposes; and, except as to pull-off parking spaces, easements of encroachment may extend to a distance of not more than three feet, as measured from any point on the common boundary along a line perpendicular to such boundary at such point. The easement for encroachment shall specifically allow the continued existence of Unit walls and other improvements appurtenant to any Unit constructed across Lot lines as part of the Work and shall permit reconstruction of such Unit walls and other appurtenances to Units in substantially the same location in the event of destruction of one or more Units within a Building.

There is no easement for overhangs or encroachments caused by the willful or intentional misconduct of any Owner of the Association. There are also reciprocal appurtenant easements between Lots for the installation, maintenance, repair and replacement of any utility installations (including any television or radio cables and appurtenances) servicing more than one Lot; but such easements must be exercised in a reasonable manner so as not to cause any permanent, material injury to any Lot. Entry into any improvement is authorized only with the consent of its Owner and occupant, which consent may not be unreasonably withheld so long as such entry is at a reasonable time, in a reasonable manner, and upon reasonable prior notice whenever circumstances permit.

ARTICLE V
THE SUB-ASSOCIATION

Section 5.1 Membership. Each Owner including the Developer (at all times so long as it owns any part of the Property subject to this Declaration) shall be a member of the Sub-Association and the Master Association, provided that any such person or entity who holds such interest only as security for the performance of an obligation shall not be a member. Membership shall be appurtenant to, and may not be separated from, ownership of any Lot which is subject to assessment.

Section 5.2 Classes and Voting. The Sub-Association shall have such classes of membership as are set forth in the Articles of the Association.

Section 5.3 Duties and Obligations Re: Common Area. It shall be the duty of the Sub-Association to manage and maintain the Common Property in a safe, clean, attractive, sanitary and serviceable condition, and in good order and repair for the benefit of all Owners. The Sub-Association's duties shall include the management, operation, maintenance, repair, servicing, tangible personal property installed by Developer as part of the Common Property. The Sub-Association shall keep the improvements located in the Common Property, if any, including fixtures and personal property of the Sub-Association, insured the maximum insurable replacement value, excluding foundation and excavation costs, as determined by the Board of Directors. The insurance shall provide coverage against loss or damage by fire or other hazards covered by a standard extended endorsement and such other risks as from time to time are customarily covered with respect to improvement similar in construction, location and use as the improvements on the Common Property, including but not limited to vandalism and malicious mischief, and flood and water damage, if the improvements are at any time located in a federally designated flood plain area. The Sub-Association shall carry public liability insurance in amounts and with coverage as determined by the Board. To the extent from time to time available, the Sub-Association's insurance must provide for waiver of subrogation by the Sub-Association's insurer against any Owner because of unintentional acts or omissions.

Section 5.4 Lawn and Landscape Maintenance. In the event the Master Association fails or otherwise refuses to provide lawn and landscape maintenance, the Sub-Association shall provide lawn and landscape maintenance consisting of mowing, trimming, edging, fertilizing, weeding, pruning, and pest control for all grassed and landscaped areas located on each Lot within the Property. The Sub-Association and its employees, contractors or agents shall have an easement over and across all Lots as shall be necessary or convenient to provide the lawn maintenance described

herein. The Sub-Association shall not be responsible for replacement of damaged or dead grass, shrubs or other plants.

Section 5.5 Services. The Sub-Association may obtain and pay for the services of any person to manage its affairs to the extent it deems advisable and may contract for such other personnel as the Sub-Association determines are necessary, convenient, or desirable for the proper operation of the Property or the performance of the Sub-Association's responsibilities under this Declaration, whether such personnel are furnished or employed directly by the Sub-Association or by any person with whom it contracts. Without limitation, the Sub-Association may obtain and pay for legal and accounting services necessary, convenient, or desirable in connection with the operation of the Property or the enforcement of the Declaration or Sub-Association's rules and regulations.

Section 5.6 Other Rights. The Sub-Association shall have and may exercise any and all other rights, powers, or privileges given to it expressly by this Declaration or the Articles of Incorporation and Bylaws of the Association and shall also have every other right, power, and privilege reasonably necessary, convenient, or desirable to effectuate the exercise of any right, power or privilege so granted.

ARTICLE VI
COVENANTS FOR MAINTENANCE ASSESSMENTS

Section 6.1 Creation of the Lien and Personal Obligation of Assessments. Each Owner of real property within the Property, other than the Developer, hereby covenants, and by acceptance of a deed therefore, whether or not it shall be so expressed in any such deed or other conveyance including any purchaser at a judicial sale, shall hereafter be deemed to covenant and agree to pay to the Sub-Association and the Master Association any annual assessments or charges and any special assessments for capital improvements or major repair against such property. Such assessments shall be fixed, established and collected from time to time as hereinafter provided. All such assessments, together with interest thereon from the due date at the highest lawful rate and costs of collection thereof (including reasonable attorneys fees), shall be a charge on the Lot and shall be a continuing lien upon the Lot(s) (other than Lot[s] owned by Developer) against which each such assessment is made, and shall also be the personal obligation of the Owner. No Owner may avoid liability for the assessments by waiver of rights to use, or by non-use of, the Common Property or by abandonment.

Section 6.2 Purpose of Assessments. The annual and special assessments levied by the Master Association or the Sub-Association shall be used exclusively for the purpose of promoting the recreation, health, safety and welfare of the residents in the Property and in particular for the improvement and maintenance of the Common Property and of any easements in favor of the Sub-Association and for carrying out the responsibilities and obligations of the Sub-Association. Assessments may be used for the cost of taxes on the Common Property, insurance, labor, equipment, materials, management, maintenance and supervision thereof, as well as for such other purposes as are permissible activities of, and are undertaken by the Sub-Association.

Section 6.3 Annual Assessments.

- (a) Until January 1 of the year immediately following the conveyance of the first

Lot by the Developer, the maximum the annual maintenance assessment shall be \$1,800.00 per year or \$150.00 per month for each fully assessable Unit. The Board shall fix annual assessments in accordance with the provisions of this Article VI to meet the projected financial needs of the Association and, so long as it fixes the annual assessment at or below the maximum its decision as to the amount of the annual assessment shall be dispositive.

(b) Commencing with the fiscal year beginning January 1 of the year immediately following the conveyance of the first Unit by the Developer and each year thereafter, the board, at its annual meeting next preceding such date, and each respective January 1 thereafter, may set the amount of the maximum annual assessment for the following year for each Unit, provided that the maximum annual assessment may not be increased by more than ten percent (10%) above the maximum annual assessment for the previous year unless otherwise approved by a vote of four-fifths (4/5) of the members of the Board.

(c) The amount of the annual assessment shall be fixed by the Board at least thirty (30) days before the beginning of each fiscal year and shall be payable monthly or in such other installments as shall be determined by the Board of Directors. Written notice of such assessment shall be given to every owner; but the failure to give such notice will not invalidate any otherwise proper assessment. In the absence of Board action to the contrary at least thirty (30) days before the beginning of any fiscal year, the annual assessment then in effect will continue for such fiscal year.

(d) The first annual assessment for Marsh View at Ponte Vedra Shores shall be payable monthly at the rate of \$150.00 per month per fully assessable Unit. The initial capital contribution upon purchase of each Unit shall be \$1,000.00.

Section 6.4 Commencement of Annual Assessment. The annual assessment begins as to all Lots within the Property on the first day of the month following the recording of the first deed conveying title by the Developer of any Lot within the Property to an Owner other than the Developer. The first annual assessment against any Lot shall be prorated according to the number of months then remaining in the fiscal year.

Section 6.5 Supplemental Assessments. If the Board fixes the annual assessment for any year at a level below the maximum level permitted under Section 6.3 and thereafter during such year determines that the necessary functions of the Sub-Association cannot be funded by such assessment, the Board may, by majority vote, levy a supplemental assessment (not including special assessments) so long as the total annual assessment is equal to or less than the maximum level specified under Section 6.4.

Section 6.6 Special Assessment for Capital Improvements and Major Repairs. In addition to any annual assessments, the Sub-Association may levy in any assessment year a special assessment, applicable to that year only, for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, unexpected repair or replacement of a capital improvement including the necessary fixtures or replacement of a capital improvement including the necessary fixtures and personal property related thereto. Any such special assessment shall be approved by four-fifths (4/5) of the members of the Board.

Section 6.7 Special Assessments for Maintenance. The cost of any maintenance undertaken by the Sub-Association under the provisions of Article VIII shall be assessed against the property upon which such maintenance is performed or, in the opinion of the Board, benefiting from same. The assessment shall be apportioned among the property involved in the manner determined to be appropriate by the Board. If no allocation is made, the assessment shall be uniformly assessed against all of the Lots in the affected area. Such maintenance assessments shall not be considered a part of the annual assessments imposed upon the Property pursuant to this Article VI or pursuant to the Restated Declaration. Any exterior maintenance assessment shall be a lien upon each Lot assessed and the personal obligation of the Owner of each such Unit and shall become due and payable on all respects, together with interest and fees for the cost of collection as provided for in Section 6.1, and shall be subordinate to mortgage liens to the extent provided by Section 6.12.

Section 6.8 Uniformity of Assessments. All annual, supplemental or special assessments for maintenance as provided under Section 6.7, levied by the Sub-Association shall be uniform throughout the Property except that such assessments against any Lot in which the Developer owns an interest and which is not being occupied as a residence may be fixed by the Board of Directors for so long as there is a Class B membership in the Sub-Association (as defined in the Articles of Incorporation) in an amount not less than twenty-five percent (25%) nor more than one hundred percent (100%) of the amount of the applicable assessment against Lots owned by the Class A members of the Sub-Association then in effect; provided that the Developer funds the deficits, if any, between the aggregate amount assessed Class A members and the Developer and the total expenses of the Sub-Association during the applicable period of control. Upon transfer of title of a Developer-owned Lot other than for purposes of completing the Work, such Lot shall be assessed in the applicable amount established against Lots owned by the Class A member so the Sub-Association, prorated as of, and commencing with, the month following the date of transfer of title.

Section 6.9 Negligence. Any Owner shall be liable to the Sub-Association for the expense of any maintenance, repair or replacement of the Common Property rendered necessary by his act, neglect or carelessness or by that of his family or his guests, employees, agents, invitees or other invitees. This expense shall become part of the Assessment to which such Lot and owner are liable under this Article. As such, it shall be a lien upon such Lot and obligation of the Owner and shall become due and payable in all respects as provided hereunder.

Section 6.10 Duties of the Board in Fixing Assessments. The Board shall fix the date of commencement, and the amount of the assessment against each Lot and other portions of the Property, and the payment schedule and the due date at least thirty (30) days in advance of the beginning of the fiscal year. The Board shall prepare or cause to be prepared a roster of the Lots and assessments applicable thereto which shall be open to inspection by any Member during normal business hours. Written notice of the assessment shall be sent to every Owner subject thereto not later than seven (7) days after approval of the assessment by the Board.

The Sub-Association shall, upon demand at any time, furnish to any owner liable for such assessment a certificate in writing signed by an officer of the Sub-Association, setting forth whether such assessment has been paid. Such certificate shall be conclusive evidence of payment of and any assessment therein stated to have been paid.

Section 6.11 Effect of Non-Payment of Assessment: Lien, Personal Obligation, Remedies of Sub-Association. The lien of the Sub-Association shall be effective from and after recording in the public records of St. Johns County, Florida, a claim of lien stating the description of the Lot encumbered thereby, the name of the Owner, the amount and the due date. Such claim of lien shall include only assessments which are due and payable when claim of lien is recorded, plus interest, costs, attorneys' fees, advances to pay taxes and prior encumbrances and interests thereon, all as above provided. Such claims of lien shall be signed and verified by an officer or agent of the Sub-Association. Upon full payment of all sums secured by such claim of lien, the same shall be satisfied of record, and the affected Lot Owner shall pay the cost of such satisfaction.

If the assessment is not paid within fifteen (15) days after the due date, the assessment shall bear interest from the due date at the highest lawful rate, and the Sub-Association may at any time thereafter bring an action to and/or a suit on the personal obligation against the Owner(s). There shall be added to the amount of such assessment the cost of preparing and filing the complaint in such action (including reasonable attorneys' fees), and in the event a judgment is obtained, such judgment shall include interest on the assessment as above provided and reasonable attorneys' fees to be fixed by the Court together with the costs of the action.

Section 6.12 Subordination to Lien of Mortgages. The lien of the assessments provided for by this Declaration shall be subordinate to the lien of any first mortgage to a federal or state chartered bank, mortgage company, life insurance company, federal or state savings and loan Sub-Association or real estate investment trust which is perfected by recording prior to the recording of a claim of lien for any such unpaid assessments by the Sub-Association. Such subordination shall apply only to the assessments which have become due and payable prior to a sale or transfer of such Lot by deed in lieu of foreclosure of such Lot or pursuant to a decree of foreclosure, and in any other proceeding in lieu of foreclosure of such mortgage. The total amount of assessment which remains unpaid as a result of a first mortgagee obtaining title to the Lot, shall be added to the total budget of Marsh View at Ponte Vedra Shores and paid by all Owners including the first mortgagee on a pro rata basis. No sale or other transfer shall relieve any Lot from liability for any assessments thereafter becoming due, nor from the lien of any such subsequent assessment. A written statement of either the Developer or the Sub-Association that the lien is subordinate to a mortgage shall be dispositive of any question of subordination.

Section 6.14 Exempt Property. The Board shall have the right to exempt any of the Property from the assessments, charge and lien created herein, provided that such part of the Property exempted is used (and as long as it is used) for any of the following purposes:

- (a) Any easement or other interest therein dedicated and accepted by the local public authority and devoted to public use;
- (b) All of the common Property;
- (c) Any of the Property exempted from ad valorem taxation by the laws of the State of Florida, to the extent agreed to by the Sub-Association.

Notwithstanding any provision herein, no land or improvement devoted to residential

dwelling or related use shall be exempt from such assessments, charges or lien except to the extent provided in Section 6.8 hereof.

ARTICLE VII
MASTER SUB-ASSOCIATION AND ASSESSMENTS

Section 7.1 Ponte Vedra Shores West Master Association. Upon acceptance of a deed to a Lot, each Owner becomes a member of the Ponte Vedra Shores West Master Association, Inc. Each Lot within Marsh View at Ponte Vedra Shores has been subjected to annual and special assessments by the Master Association, in accordance with the Original Declaration of Covenants, Restrictions and Easements as recorded in Official Records Volume 488 page 255, of the Public Records of St. Johns County, Florida and any additional property made subject to this Declaration pursuant to Section 3.1 shall be made subject to the Restated Declaration by recorded instruments, acting through its Board of Directors, shall have the powers, rights and duties with respect to the Property as set forth in the Restated Declaration and the Articles of Incorporation and Bylaws of the Master Association.

Section 7.2 Lien Rights. Ponte Vedra Shores West Association, Inc. is entitled to a lien upon each Lot for any unpaid assessments under the Original Declaration. Marsh View at Ponte Vedra Shores West Association, Inc. is likewise entitled to a lien for any unpaid assessments under the Declaration.

Section 7.3 Sub-Association Responsibilities. If for any reason the Sub-Association refuses or fails to perform the obligations imposed on it under the terms of this Declaration, and other documents relevant to the Property, the Master Association shall be and is hereby authorized to act for and on behalf of the Sub-Association in such respect that the Sub-Association has refused or failed to act, and any expenses thereby incurred by the Master Association shall be reimbursed by the Sub-Association.

ARTICLE VIII
OBLIGATIONS OF OWNERS

Section 8.1 Lot and Unit Maintenance.

(a) **Owner Responsibility.** Each Owner shall, at his expense, maintain, repair and replace all portions of the exterior of his Lot, the Unit and the driveway serving his Lot, including without limitation the roof, gutters, downspouts and exterior building surfaces and their replacements, all glass surfaces and screening, doors, electric and plumbing equipment, air conditioner and heating units, lawn and landscaping items (except that the Sub-Association shall provide the lawn and landscape maintenance described in Section 5.4) and any other equipment, structures, improvements, additions, or attachments, located on the Lot by Owner or Unit or installed by Developer as part of the Work. The foregoing obligation includes any maintenance, repair, or replacement required because of the occurrence of any fire, wind, vandalism, theft, or other casualty.

All maintenance and repair shall be performed by each Owner at regular intervals as shall be necessary to keep his Lot and Unit in an attractive condition and in substantially the same condition

and appearance as existed at the time of completion of the Work, subject to normal wear and tear that cannot be avoided by normal maintenance.

As to any and all maintenance such as painting and staining, that if performed on one or more Units within a Building without being performed on all Units within the Building would create an unsightly or non-uniform appearance, all Owners within a Building shall perform such maintenance at substantially the same time, except to the extent more frequent maintenance of portions of the Building may be required due to exposure to the sun or other conditions causing accelerated weathering. To insure coordination of such maintenance, no Unit Owner may perform such maintenance upon his Unit unless the other Unit Owners within his building have agreed in writing to perform such maintenance on their Units at substantially the same time or unless the Board shall have given written approval to perform such maintenance upon one or more Units within a Building without performance of such maintenance upon all the Units within the Building. If any Unit Owner believes that such maintenance is necessary on one or more Units within his Building and the Owners of such Units will not perform such maintenance, then the Unit Owner may request that the Board notify such Unit Owners that they shall be required to perform such maintenance within a time period to be determined by the Board.

Each Owner shall promptly perform any maintenance or repair requested by the board to prevent any damage or loss to other Lots or Units or the Common Areas, and shall be liable for all loss or damage sustained by other Owners or the Sub-Association caused by reason of his failure to promptly perform such maintenance and repair following written notice to such Owner specifying the items of maintenance or repair.

An Owner may not cause or permit any material alteration in the exterior appearance of his Lots and Units, including the color of exterior surfaces of the Unit, without the prior written approval of the Sub-Association and the Architectural Review Committee ("ARC"). Owner shall use only roof materials, paint, and stain colors approved by the Sub-Association and the ARC when performing repair and maintenance, or when repainting or staining the exterior of their Units.

(b) Sub-Association Authority. If (i) any Owner refuses or fails to timely maintain, repair, or replace, as the case may be, any exterior portion of his Lot or Unit after reasonable notice from the Sub-Association specifying the maintenance or repair items and (ii) a majority of the members of the Board so find after reasonable notice to, and reasonable opportunity to be heard by the Owner affected, then the Sub-Association may maintain, repair, or replace the portion of the Lot or Unit specified in the notice from the Sub-Association at such Owner's expense and the cost thereof shall be specifically assessed against such Owner's Lot as elsewhere provided in this Declaration.

Section 8.2 Insurance. Each Owner shall keep his Unit insured to the maximum insurable replacement value, excluding foundation and excavation costs against loss or damage by fire or other hazards covered by a standard extended coverage endorsement and such other risks as from time to time are customarily covered with respect to improvements similar in construction, location and use as his Unit. Each Owner shall provide the Sub-Association with a certificate of insurance within fifteen (15) days of the issuance of the policy and within fifteen (15) days of each renewal thereof. Failure of an Owner to carry the insurance required herein shall permit the Sub-

Association, following ten (10) days notice to the Owner, to obtain the required insurance coverage and to specifically assess the Owner for the cost thereof, including a reasonable fee for placing the insurance. An Owner may join with other Owners of Units within his building to purchase one insurance policy covering the entire building, or may authorize the Sub-Association to purchase insurance covering his Unit and other Units in the Property, provided, however, nothing herein shall be deemed to require the Sub-Association to provide such service.

All policies of insurance carried by the Owners shall provide that insurance proceeds payable on account of loss of, or damage to a Unit shall be payable solely to the Owner and the Owner's mortgagee, if any, except in the case of damage to more than one contiguous unit, in which case the damage shall be adjusted with the carrier or carriers by the Sub-Association and the proceeds shall be payable to the Sub-Association, as trustee for the Owners of the Units damaged and the Owners' mortgagees, if any. Such insurance proceeds shall be applied to repair or restore the Property as provided below. All insurance policies carried by Owners shall provide that coverage may not be cancelled by the carrier without first giving the Sub-Association, and the Unit mortgagee, if any, ten (10) days written notice of cancellation. All such policies shall contain, if obtainable, a waiver of the right of subrogation against any and all Lot Owners, members of the Lot Owner's family, the Sub-Association, its officers, agents and employees, as well as a waiver of the "pro rata" clause and "no other insurance" clause.

In the event of damage or destruction by fire or other casualty to any property covered by insurance payable to the Sub-Association as trustee for the Owner or Owners, the Board shall, with the concurrence of mortgagees, if any, upon receipt of the insurance proceeds, contract to rebuild or repair such damage or destroyed portions of the Property to as good condition as formerly existed. All such insurance proceeds shall be deposited in a bank or other financial institution, the accounts of which bank or institution are insured by a federal government agency, with the provision agreed to by said bank or institution that such funds may be withdrawn only by signature of at least two (2) members of the Board, or by an agent duly authorized by the Board. The board shall obtain bids from at least two (2) reputable contractors, and then may negotiate with any such contractor, who may be required to provide a full performance and payment bond for the repair, reconstruction or rebuilding of such building or buildings. In the event that insurance proceeds are insufficient to pay all costs of repairing or rebuilding to as good condition as formerly existed, the Board shall levy a special assessment against all Owners of the damaged Units in such proportion as the Board deems fair and equitable in the light of the damage sustained by such Units to make up any deficiency. In the event such insurance proceeds exceed the cost of repair and reconstruction, such excess shall be paid over to the respective Owners and mortgagees in such proportion as the Board deems fair and equitable in light of the damage sustained by such Units. Such payments shall be made to all such Owners and their mortgagees as their interest may appear.

Section 8.3 Termite Protection Each Owner shall annually cause his Unit to be inspected by a certified pest control operator for termite and other wood destroying insects, and shall maintain a termite bond with respect to his Unit. Each Owner shall provide the Association with a copy of each annual inspection and evidence that the bond is in full force and effect. Failure of an Owner to obtain and maintain such bond shall permit the Sub-Association following ten (10) days' notice, to obtain a termite inspection and bond, and to specifically assess the Owner for the cost thereof, including a reasonable fee for obtaining the inspection and bond. An Owner may join with

other Owners of Units within his building to obtain termite protection for the entire building or may authorize the Sub-Association to obtain termite protection for his Unit and other Units in the Property; provided, however, nothing herein shall be deemed to require the Sub-Association to provide such service.

ARTICLE IX
ARCHITECTURAL CONTROLS

Section 9.1 Marsh View at Ponte Vedra Shores Architectural Control Committee. The architectural review and control functions of the Sub-Association shall be administered and performed by the Marsh View at Ponte Vedra Shores Architectural Control Committee ("MVAPVSACC"). The MVAPVSACC shall consist of three (3) members who shall be appointed by and serve at the pleasure of the Developer so long as the Developer owns at least one (1) Lot within Marsh View at Ponte Vedra Shores or until such earlier time as Developer, at its option, assigns the right to appoint the MVAPVSACC to the Board. Thereafter, the MVAPVSACC shall consist of either three (3) or five (5) members (at the option of the Board) who shall be appointed by and serve at the pleasure of the Board. Members of the MVAPVSACC need not be members of the Sub-Association. A majority of the MVAPVSACC shall constitute a quorum to transact business at any meeting of the MVAPVSACC and the action of a majority present at a meeting at which a quorum is present shall constitute the action of the MVAPVSACC. Any vacancy occurring on the MVAPVSACC because of death, resignation, or other termination of service of any member thereof shall be filled by the Developer so long as the Developer owns at least one (1) Unit within Marsh View at Ponte Vedra Shores and by the Board thereafter.

Section 9.2 Approval Required by the MVAPVSACC and ARC. Except for the initial construction of improvements upon any Lot by the Developer, no landscaping, improvements or structure of any kind including, without limitation, any building, fence, wall, swimming pool, screen enclosure, sewer, drain, disposal system, decorative building, window coverings, landscaping device or object, or other improvements including painting of individual units shall be commenced, erected, placed or maintained upon any Lot, nor shall any addition, change, or alteration therein or thereof be made, unless and until the plans, specifications and location of the same shall have been submitted to, and approved in writing by, the MVAPVSACC and the ARC (as defined in Section 9.5). All plans and specifications shall be evaluated as to harmony of external design and location in relation to surrounding structures and topography and as to conformance with the Architectural Control Criteria for Marsh View at Ponte Vedra Shores (a copy of which is attached hereto as Exhibit C) as amended from time to time. It shall be the burden of each Owner to supply four sets of completed plans and specifications for any proposed improvement to the MVAPVSACC. The MVAPVSACC shall approve or disapprove plans and specifications properly submitted within thirty (30) days of such submission. The ARC shall approve or disapprove plans and specifications within fifteen (15) days of receipt of notice of approval by the MVAPVSACC. Any plans or change or modification to approved plans shall not be deemed approved by the MVAPVSACC unless a written approval is granted by the MVAPVSACC to the Owner submitting same or unless the MVAPVSACC fails to approve or disapprove such plans or modifications within thirty (30) days of their proper submission.

Section 9.3 Powers and Duties of the MVAPVSACC. The MVAPVSACC shall have the following powers and duties:

9.3.1 To recommend amendments of the Architectural Control Criteria to the Board. Any amendment of the Architectural Control Criteria shall be consistent with the provisions of this Declaration, and shall not be effective until adopted by a majority of the members of the Board at a meeting duly called and notice at which a quorum is present and voting and approved by a majority of the members of the ARC at a meeting duly called at which a quorum is present and voting. Upon approval by the Board and the ARC, notice of any amendment to the Architectural Control Criteria, including a verbatim copy of such amendment shall be delivered to each member of the Sub-Association. Provided, however, the delivery to each member of the Association of Notice and a copy of any amendment to the Architectural Control Criteria shall not constitute a condition precedent to the effectiveness or validity of such amendment nor shall it be necessary for any amendment to be recorded.

9.3.2 To require submission to the MVAPVSACC of four (4) complete sets of all plans and specifications signed by the Owner for any improvement or structure of any kind, including, without limitation, any building, fence, wall, swimming pool, enclosure, sewer, drain, disposal system, decorative building, landscaping device or object, or other improvement, the construction of which is proposed upon any Lot. The MVAPVSACC may also require submission of samples of building materials proposed for use on any Lot, and may require such additional information as reasonably may be necessary for the MVAPVSACC to completely evaluate to proposed structure or improvement in accordance with the provisions hereof.

9.3.3 To approve or disapprove any improvements or structure of any kind, including, without limitation, any building, fence, wall, swimming pool, screen enclosure, sewer, drain, disposal system, decorative building, landscape device or object or other improvement or change of modification thereto, the construction, erection, performance or placement of which is proposed upon any Lot and to approve or disapprove any exterior additions, changes, modifications or alterations therein or thereon. All decisions of the MVAPVSACC shall be submitted to the Board, and evidence thereof may, but need not, be made by a certificate in recordable form executed under seal by the President or any Vice President of the Association. Any party aggrieved by a decision of the MVAPVSACC shall have within thirty (30) days of such decision, for a review thereof. The determination of the Board upon review of any such decision shall be dispositive as to Association approval.

9.3.4 To adopt a schedule of reasonable fees for processing requests for MVAPVSACC approval of proposed improvements. Such fees, if any, shall be payable to the Sub-Association, in cash, at the time that plans and specifications are submitted to the MVAPVSACC.

Section 9.4 Compensation of MVAPVSACC. Members of the MVAPVSACC shall serve without compensation so long as the Developer retains the right to appoint the members of the MVAPVSACC. Thereafter, the Board is encouraged to appoint professionally qualified persons (architects, landscape architects, etc.) to the MVAPVSACC, and if it elects to do so, it may, at its option, pay reasonable compensation to such professionally qualified members.

Section 9.5 Architectural Review Committee. Upon approval of any plans and specifications by the MVAPVSACC, the MVAPVSACC shall notify the Master Association ARC in

writing of such approval and shall provide a copy of the plans and specifications to the Master Association ARC. The Master Association ARC shall have fifteen (15) days from the date of approval by the MVAPVSACC to determine whether the requested improvement is in harmony with the development of Marsh View at Ponte Vedra Shores. The Master Association ARC shall indicate its approval of the requested improvement by marking or stamping the plans with its seal and the date. If the Master Association ARC disapproves the requested improvement, it shall provide written notice of such disapproval to the MVAPVSACC and the Owner. Disapproval by the Master Association ARC may be appealed to the Board of Directors of the Master Association for a period of fifteen (15) days after receipt of notice of disapproval by Owner. If the Master Association ARC does not act within fifteen (15) days of receipt of the plans and specifications, it shall be deemed to have approved the requested improvement.

Section 9.6 No Liability. The reviews, acceptances, inspection, permissions and approvals required under this Declaration and made by the Developer, Sub-Association, Master Association, MVAPVSACC, Master Association ARC, or their agents or employees are for the sole purpose of protecting the aesthetic integrity of Marsh View at Ponte Vedra Shores. As a result, neither the Developer, Sub-Association, Master Association, MVAPVSACC, ARC or their agents or employees express any opinion as to the engineering aspects, structural soundness or advisability of any improvement whether or not approved. Neither the Developer, Association, Master Association, MVAPVSACC, ARC or their agents or employees shall be liable to an Owner or to any other person on account of any claim, liability, damage or expense suffered or incurred by or threatened against an Owner or such other person and arising out of or on any way related to the subject matter of any such review, acceptance, inspection, permission, consent, or approval, whether given, granted or withheld by the Developer, MVAPVSACC, Sub-Association, Master Association, ARC or their agents or employees.

**ARTICLE X
RESTRICTIONS**

Section 10.1 Residential Use. The Lots subject to this Declaration may be used for residential living units and for no other purpose except that one or more Lots may be used as model homes by the Developer during the development and sale of Marsh View at Ponte Vedra Shores and adjacent properties. No business or commercial building may be erected on any Lot and no business may be conducted on any part thereof.

Section 10.2 No Detached Buildings. No garage, tool or storage shed may be constructed separately and apart from a residence unless approved by the MVAPVSACC. No tents, trailers, tanks, shacks or temporary or accessory buildings or structures shall be erected or permitted to remain on any Lot without the written consent of the Developer. This provision shall not be interpreted to prohibit construction of irrigation pumphouses and similar structures by the Developer as part of the Work.

Section 10.3 Layout and Setbacks. In order to assure that location of dwellings will be staggered where practical and appropriate, to assure visual and acoustical privacy and so that the maximum amount of view and breeze will be available to each dwelling and that the structures will be located with regard to the topography of each Lot, the Developer reserved unto itself, its

successors and assigns, the right to control absolutely and to solely decide the precise site and location of any dwelling or other structure upon all Lots. Provided, however, that all buildings will be set back at least 10 feet from the front lot line and 15 feet from the rear lot line and that there will be a minimum of 20 feet between four-plex buildings.

Section 10.4 Motor Vehicles and Boats. No boats, recreation vehicles or other motor vehicles, except four wheel passenger automobiles, shall be placed, parked or stored upon any Lot unless approved by the board, nor shall any maintenance or repair be performed upon any boat or motor vehicle upon any Lot, except within a building totally isolated from public view. All motor vehicles must be parked in garages from the end of each day until the following morning. Commercial vehicles shall not be parked within public view on a regular basis. Construction trailers may be parked during construction of the Work only with the express written consent of the Developer and in an area designated by the Developer.

Section 10.5 Nuisances. Nothing shall be done or maintained on any Lot which may be or become an annoyance or nuisance to the neighborhood. Any activity on a Lot which interferes with televisions, cable or radio reception on another Lot shall be deemed a nuisance and a prohibited activity. If a dispute or a question arises as to what may be or become a nuisance, the issue shall be submitted to the Board. Its decision shall be dispositive of such dispute or question. No immoral, improper or unlawful use shall be made of the Property and all valid laws, zoning ordinances and regulations of governmental agencies having jurisdiction thereof shall be complied with. During construction or reconstruction of all or any part of the Work, the noise, dust or other inconvenience created by such construction shall not be considered a nuisance so long as the construction activities are performed in accordance with normal usual practices.

Section 10.6 Antenna. No aerial or antenna shall be placed or erected upon any Lot, or affixed in any manner to the exterior of any building in Marsh View at Ponte Vedra Shores. Antennas, if any shall be built into the attic space of the home.

Section 10.7 Landscaping Maintenance. No weeds, underbrush or other unsightly vegetation shall be permitted to grow or remain upon any Lot, and no refuse pile or unsightly objects shall be allowed to be placed or suffered to remain anywhere thereon. All Lots and all portions of the Property and any improvements placed thereon shall at all times be maintained in a neat and attractive condition. Landscaping shall be maintained in a neat, attractive and orderly manner, including maintenance of plants, plant beds, trees, turf, proper irrigation and marsh edge maintenance. The Sub-Association shall provide the lawn and landscape maintenance described in Section 5.4 of this Declaration. Each Owner, however, shall be responsible for removal and replacement of damaged or dead grass, shrubs and other plants. In order to implement effective control, the Sub-Association, its agents and assigns, shall have the right to enter upon any Lot for the purpose of mowing, pruning, removing, clearing, or cutting underbrush, weeds or other unsightly growth and trash which in the opinion of the Board detracts from the overall beauty and safety of the Property, in accordance with the provisions of Article VIII hereof. During reconstruction upon any Lot after destruction of the original improvements installed by Developer, any and all vehicles involved in the construction or delivery of materials and supplies to the site shall enter and exit the site only over the driveway or driveway subsurface and shall not park on any roadway or any property other than the Lot on which construction is proceeding. During construction of the

dwelling or other improvements, the Owner will be required to maintain his Lot in a clean condition, providing for trash and rubbish receptacles and disposal. Construction debris shall not be permitted to remain upon any Lot. The foregoing provisions shall not apply to the original construction of the Work.

Section 10.8 Casualty Damages. In the event of damage or destruction by fire or other casualty to the improvements on any Lot, the Owner shall commence reconstruction of the improvements within three (3) months from date of casualty and shall repair or rebuild such damaged or destroyed improvements in a good workmanlike manner, within a reasonable time not to exceed one (1) year and in accordance with the provisions of this Declaration. The improvements shall be reconstructed in accordance with the original plans and specifications including color scheme, placement on lot and materials. All debris must be removed immediately and the Lot shall be restored to an orderly condition within a reasonable time not to exceed thirty (30) days from the date of such damage or destruction.

Section 10.9 No Further Subdivision. No Lot shall be divided, subdivided or reduced in size.

Section 10.10 Trees. No tree or shrub, the trunk of which exceeds four inches in diameter, shall be cut down destroyed or removed from the Lot without the prior express written consent of the MVAPVSACC.

Section 10.11 Artificial Vegetation. No artificial grass, plants or other artificial vegetation shall be placed or maintained upon the exterior portion of any Lot, unless approved by the MVAPVSACC.

Section 10.12 Signs. No sign of any kind shall be displayed to the public view on any Lot except as may be approved as to size and design and in accordance with criteria established by the ARC.

Section 10.13 Lighting. No external lighting shall be installed without the prior approval of the MVAPVSACC. No lighting shall be permitted which alters the residential character of Marsh View at Ponte Vedra Shores.

Section 10.14 Animals. No animals, livestock, or poultry shall be raised, bred, or kept anywhere within the Property, except that not more than two dogs, two cats, or two caged birds (or any combination thereof not exceeding two animals) may be kept in the Units provided that such pets are neither dangerous nor a nuisance to the residents of the Property. All animals shall be kept under control by the Owner at all times and leashed when outside the Owners' dwelling. Each Owner shall be responsible for cleaning up after his pet. Animals shall be kept for the pleasure or Owners only and not for any commercial or breeding use or purposes. If, in the discretion of the Association, any animal shall become dangerous or an annoyance or nuisance to other Owners, or destructive or wildlife or Property, they may not thereafter be kept in a Unit.

Section 10.15 Fences. Except as originally provided by the Developer, or as approved by the Developer (and the MVAPVSACC and the Master Association ARC) to provide visual and

acoustical privacy, no fence, wall or other barrier shall be constructed upon any Lot.

Section 10.16 Maintenance of Driveways. The Sub-Association shall be responsible for maintenance of the driveway serving his Lot.

Section 10.17 Prohibition of Timesharing. No Residence within the Subdivision may be divided into Time-Share units as defined in Section 721.05 of the Florida Statutes.

**ARTICLE XI
PARTY WALLS**

Section 11.1 General Rules of Law to Apply. Each wall or fence built as a part of the Work upon the Property and placed on the dividing line between Lots is a party wall and, to the extent not inconsistent with the provisions of this Article, the general rules of law regarding party walls and liability for property damage caused by intentional, willful, or negligent acts or omissions apply.

Section 11.2 Sharing of Repair and Maintenance. The cost of reasonable repair, maintenance, and replacement of a party wall and the foundation or footing supporting any party wall shall be shared by the Owners who make use of the wall or foundation in proportion to such use.

In the event that any Owner should fail or refuse to perform or pay for any maintenance, repairs, or restorations as required by this Article, the adjoining party wall Owner shall have the following remedy, in addition to any other remedies provided by the laws of the State of Florida.

The affected Owner may serve written demand upon the delinquent Owner, demanding that the maintenance, repairs, or restoration be made within thirty (30) days after the service of the demand. The demand shall be deemed to have been served if it is hand delivered to the delinquent Owner, by certified or registered mail, postage prepaid, and deposited in the United States Mail.

After expiration of the thirty (30) days following service of the demand if the delinquent Owner has failed or refused to make the demanded maintenance, repairs or restorations, the affected Owner may cause such maintenance, repairs or restorations to be made. In such event the delinquent Owner shall be indebted to the affected Owner for the expense of the maintenance, repairs or restorations, and any damage sustained by the Unit or loss or expense incurred by the affected owner by reason of such failure to timely maintain or restore and such affected Owner shall have a lien against the delinquent Owner's Lot for the full amount of such indebtedness, together with interest at the maximum rate allowed by the laws of the State of Florida. No lien under this provision shall be acquired until a claim of lien is recorded. The form and substance of the claim of lien shall be as similar as practicable as that provided by the Florida Mechanic's Lien Law. Thereafter, the rights and duties and remedies of the respective Owners shall be those as provided to an Owner and a lien claimant under the Florida Mechanic's Lien Law, including but not limited to the rules contained in that statute for discharge of liens, duration of liens, and transfer of liens to security.

No lien acquired under this provision shall be superior to or effective against any bona fide

purchaser or mortgagee who shall have acquired their interest of record prior to the recordation of a claim of lien in accordance with this provision.

Section 11.3 Destruction by Fire or Other Casualty. If a party wall is destroyed or damaged by fire or other casualty and is not covered by insurance, any Owner who has used the wall may restore it; and, if other Owners thereafter make use of the wall, they shall contribute to the cost of restoration in proportion to their use, all without prejudice to the right any such Owner to call for a larger contribution from the others under any rule of law regarding liability for negligent, willful, or intentional act or omissions.

Section 11.4 Weatherproofing. Notwithstanding any other provision of this Article, an Owner who by his negligent, willful, or intentional act causes any other Unit or party wall to be exposed to the elements, or to infestation by termites or other injurious agencies, shall bear the whole cost of furnishing the necessary protection against such elements or agencies and of repairing all resulting damage.

Section 11.5 Right to Contribution Runs With Land. The right of any Owner to contribution from any other Owner under this Article is appurtenant to the Lots affected and shall pass to and bind each such Owner's successors in title.

Section 11.6 Easement. In the event that there shall be located within any party wall pipes, vents, electrical outlets, or other structures serving one or more Lots or Units, the Owner of each lot so served shall have and enjoy a perpetual easement for the maintenance and use of any such pipe, vent, electrical outlet or other structure.

**ARTICLE XII
RIGHTS AND EASEMENTS RESERVED BY DEVELOPER**

Section 12.1 Utilities and Drainage. Developer reserves for itself, its successors, assigns and designees, a right-of-way and easement to erect, maintain and use utilities, electric, telephone and street lighting poles, wires, cable, conduits, storm sewers, sanitary sewers, water mains, gas sewer, water lines, drainage ways, or other public conveniences or utilities, on, in and over any area designated as an easement, private street or right-of-way area, or part of the Common Property on the plat of Marsh View at Ponte Vedra Shores or on the plat of any property made subject to this Declaration pursuant to Section 3.1 and on, in and over a strip of land within each Lot five (5) feet in width at the front of each Lot and on, in and over a strip of land five (5) feet in width at the rear of each of Lots. Finally, as to side Lot lines between Buildings, an easement of five (5) feet in width is reserved on each Lot having such a Lot line along such line.

Section 12.2 Drainage. Drainage flow shall not be obstructed or diverted from drainage easement. Developer or the Sub-Association, may, but shall not be required to, cut drainways for surface water wherever and whenever such action may appear to either of them to be necessary to maintain reasonable standards of health, safety and appearance of the Property and surrounding properties. These easements include the right to cut any trees, bushes or shrubbery, make any grading of the land, or to take any other reasonable action necessary to install utilities and to maintain reasonable standards of health and appearance but shall not include the right to disturb any

permanent improvements erected upon a Lot which are not located within the specific easement area designated on the plat or in this Declaration. Except as provided herein, existing drainage shall not be altered so as to divert the flow of water onto an adjacent Lot or into sanitary sewer lines.

Section 12.3 Future Easements.
