2 INTRODUCTION

The facilities and programs of the Riverwood by Del Webb Community Association, Inc. ("Community Association") were developed specifically for our Residents and their Guests. They were designed and created with utmost care and consideration for the active-adult lifestyle and the personality of a Del Webb Community. The guidelines that follow were developed to enable you to more fully enjoy and understand the Community Association and its many benefits. Please take some time to read about your Community Association and its operating concept. These Rules and Regulations will clarify many new terms and policies while providing basic rules for the use and enjoyment of Community Association facilities and programs. As in all cases, rules are to assist in the orderly and safe use and application of Community Association programs, and they are meant to have some flexibility for interpretation. While all business endeavors of this magnitude must have rules, it is the intent of the Board of Directors that all programs be operated with total customer satisfaction in mind. Management, in turn, will target the highest level of customer service and program delivery for its primary objective. We encourage input and involvement from Residents and are committed toward using that energy to build upon and improve the initial program.

3 AUTHORITY

In accordance with Section 11.4 Initial Rules and Regulations of the Declaration of Covenants, Conditions, Restrictions and Easements for Riverwood by Del Webb Community Association, Inc., the Board of the Community Association shall have the right to implement rules and regulations for the Community Association and its Members.

Please be reminded that the Rules and Regulations serve only as a supplement to the Community Association Governing Documents. The attached information should not be considered an all-inclusive list of the operating guidelines and responsibilities of every Resident. We appreciate your support in our endeavor to provide a safe and desirable environment for all of our Residents to enjoy the numerous benefits of living in a Del Webb community.

These rules and regulations are not a substitute for reading all of the governing documents. For a more detailed explanation of the governing documents, reference should be made to the Governing Documents which include the community Declaration, the Articles of Incorporation of the Community Association and the By-Laws of the Riverwood by Del Webb Community Association, Inc.

4 STRUCTURE AND MEMBERSHIP

4.1 Age-Restricted Community

Del Webb Ponte Vedra is an age-restricted community operated in compliance with all applicable state and federal laws. The community provides housing for persons 55 years of age or older, and each Residential home, if occupied, must be occupied by at least one person 55 years of age or older. No person under 19 years of age may reside in any Residential home for more than 90 days in any consecutive 12-month period. Pursuant to the Housing for Older Persons Act (HOPA), at least eighty percent (80%) of the households must meet this condition in order for the community to qualify as a 55+ community. Pulte Home Corporation has reserved the right to sell a limited number of homes for occupancy by those under fifty-five (55), but only to the extent consistent with HOPA, and all leases and re-sales must be for occupancy by at least one person fifty-five (55) or older to preserve the community's status.

In the event of any change in occupancy or ownership of a Lot or Unit within Del Webb Ponte Vedra, the Member shall immediately notify the Association in writing and provide to the Association the names and ages of all current Occupants of the Lot or Unit and such other information as the Board may reasonably require to verify the age of each Occupant required to comply with HOPA.

4.2 Purpose and Legal Status

The Community Association was formed as an Florida not-for-profit corporation to own the Associations' common area property and to administer and govern the affairs of the community, to maintain and enhance the recreational, social and leisure-time interests of its Residents, and to preserve and enforce community-wide architectural standards.

The Community Association is a legal entity that is responsible for management, maintenance, operations, and control over all areas of common responsibility. Additionally, the Community Association is primarily responsible for the enforcement of the Governing Documents; the establishment of reasonable policies, rules and procedures regulating use of all common area properties; and for administering and enforcing the Design Guidelines. The Community Association, as an incorporated entity, is a private Lot or Unit Owner in its own right, and it speaks through its governing documents and policies established by its Board of Directors. Members have specified privileges in the use and enjoyment of common area properties, but they have no proprietary interests.

B. Community Documents

The standard of conduct, maintenance, or other activity prevailing throughout the properties is more specifically defined in the Governing Documents, Board policies, and

the Design Guidelines. Collectively, the documents cited, these Rules and Regulations and their terms define Del Webb's general plan of development for the community, specifying the level of protection afforded to Residents for their quality of life and collective interests, aesthetics and the environment within the community, and community vitality and character. Board policies may be incorporated into these Rules and Regulations or may be posted separately.

The Governing Documents include the Declaration of Covenants, Conditions and Restrictions ("Declaration"), the Community Association's Articles of Incorporation ("Articles") and the Community Association's By-Laws ("By-Laws"). The Declaration imposes mutually beneficial restrictions upon all common areas under a general plan of improvement, and establishes a flexible and reasonable procedure for the overall development, administration, maintenance and preservation of the common areas. The Articles form the legal basis for the Community Association by specifying its corporate purpose and delineating the corporate structure and function. The By-Laws more precisely define the Community Association's reasonable rules of governance, membership, management and administration.

The Working Capital Contribution Assessment shall not apply to transaction that do not constitute a transfer of legal interest as determined by the Florida Department of Revenue, for example, adding a spouse from deed, transferring full ownership interest into a land trust in which the Grantor is the sole beneficiary, creation of a life estate in which the Grantor is the life estate holder, or adding a joint tenant with right of survivorship.

6.2 Marketing and Showing of Property

- A.** In accordance with the Declaration Section 7.25, directional, “For Sale”, “For Lease”, “For Rent”, “Open House” or any other marketing or directional signage is not permitted on any part of the Del Webb Ponte Vedra property. This marketing signage restriction does not apply to the Developer.
- B.** Realtors are not automatically provided access into the community. Like other Guests, the Gate Attendant must receive authorization from the Owner and/or Resident before a Realtor is permitted to enter the Community. The Realtor must present a company business card with the Realtor’s photo. If the company business card does not have a photo of the Realtor, then the Realtor must also present a government issued photo ID.
- C.** Occupied Lots or Units –Realtors who are visiting the community in order to see a specific residential property must provide their business card (w/ photo) or driver’s license and the address of the property of interest. The Gate Attendant will then confirm that the area Realtor is an authorized guest of the property owner through routine methods (phone or online authorization). In the event that an area Realtor arrives and has not been authorized by the Resident, the Gate Attendant will call the Resident to verify access. If the Gate Attendant has not received prior notice from the Owner or Resident, and the Gate Attendant is not able to confirm timely with the Owner or Resident, then the visiting Realtor will not be provided access to the community.
- D.** Estate Sales - All “Estate” sales must be pre-approved by site property management and conform to the following:

1) An Estate Sale shall only be permitted at the Home of a Community Owner or Resident who has either died within the past 180 days or is vacating the property to move either into an Assisted Living Facility or other long-term care facility.

2) The length of an Estate Sale shall be no more than three (3) days. The hours of the Estate Sale shall be limited to 10:00am -3:00pm on approved days.

3) Only inventory previously contained in the Home can be sold at the Estate Sale. No items may be brought from outside of the Community into the home for the Estate Sale.

4) No marketing or directional signage to the Estate Sale is permitted within the Del Webb Ponte Vedra (DWPV) community.

5) The Owner's or Resident's designated representative may provide a pre-approved list of people who should have estate sale access. If a person who is not on the pre-approved list arrives at the gate, the Gate Attendant will call the resident and/or their representative for access authorization if it does not hinder the flow of traffic through the guest lane. If traffic is present the Gate attendant will have the visitor circle around and wait until traffic is cleared before calling the representative again. Gate Attendants will not stall traffic flow to verify unregistered guest. Unauthorized people will be denied community access.

E. 6) Estate Sale attendees must conform to the DWPV's parking regulations. Caravans (Broker Only Showing) – the Owner or Resident must advise the Gate Attendant that the caravan showing for Realtors will be taking place along with the day and the approximate time. Realtors who are visiting the community in order to participate in a Broker Caravan must provide their business card (w/ photo) or driver's license and the address of the property of interest. The Access Control Officer will then confirm that the area Realtor is an authorized guest of the property owner through routine methods (phone or online authorization). In the event that an area Realtor arrives and has not been authorized by the Resident, the Access Control Officer will call the Resident to verify access, provided it does not hinder the flow of traffic through the Guest Lane. If traffic is present the Access Control Officer should have the visitor circle around and wait until traffic is cleared before calling the Resident. All Access Control Officers should understand that secure traffic flow is a priority and they should not stall traffic flow to verify an unregistered area Realtor.

F. Open Houses – all open house attendees must be authorized by the Owner or Resident to enter the community. The Owner or Resident may provide a list of pre-approved names attending the open house via the Gate Access system, or provide verbal authorization for each attendee via phone upon being called by the Gate Attendant. If an attendee arrives

at the gate whose name is not on the pre-approved list, the Gate Attendant will call the Owner and/or Resident for authorization. Unauthorized attendees will be denied access into the community. Del Webb Ponte Vedra does not allow "open access to the community" for Estate Sales or Open Houses.

- G.** Listing Agent Acting on Behalf of Owner – Owners may empower their Listing Agent to authorize prospective purchasers and/or Realtors access into the community to visit the Owner's Lot or Unit by first registering the listing agent in the GateAccess system via either the phone or online methods. Only one licensed Realtor may have this authorization at any one time. Authorized Realtors, in addition to Owners, Residents and Guests, shall follow the guidelines set forth in these rules and regulations.

(1) For the Agent to be registered as the Listing Agent in Gate Access, the owner must log into www.gateaccess.net, go to the "Guest List" tab, and write "Listing Agent" next to the agent's name. To register the Listing Agent via phone, the owner must clearly state the agent's relationship as being that of the "Listing Agent" at the time that the voice-recorded authorization is provided.

(2) To allow the Listing Agent the ability to "call" in other Real Estate agents in order to show an owner's home, the Listing Agent must be provided with the owner's Gate Access PIN# (which can be updated upon request at the Resident Services desk). To allow the Listing Agent to authorize a Buyer or a Buyer's Agent via the online Gate Access platform, the owner would have to provide their login credentials to their Listing Agent. Once provided, the Listing Agent will be able to authorize prospective buyers and the buyer's agent access to the community for that specific visit or day ONLY. The Listing Agent is not required to accompany the prospective buyer or buyer's agent.

(3) The Listing Agent would be responsible for notifying the owner when their home is scheduled to be shown by either themselves or another Real Estate Agent they called in or registered online.

(4) The Listing Agent will be afforded the same access capabilities as a Resident for the term of their listing agreement or unless otherwise terminated by the owner, the Community Manager, or the Board in their sole and absolute discretion.

- H.** Once in the community, Realtors entering the Anastasia Club and the surrounding amenities must register at the Resident Services Desk by signing the Developer Guest/Realtor Log and providing a company business card.

- I.** Any and all Realtors are required to contact the Community Manager or Lifestyle Director prior to taking any photos/videos. Realtors wishing to photograph amenities for publication will not be allowed to film residents in any photo/video.

- J.** It is the responsibility of the Owner to understand, educate their Realtor, and abide by Section 6.2 "Marketing and Showing of Property" in the adopted Riverwood by Del Webb Rules & Regulations.

6.3 Resale Disclosure Package

A Resale Disclosure Package, used in the transfer or conveyance of real property prior to the closing of the transaction, discloses monies associated with the Property due to the Association and provides the Buyer with the Community Association documents. The Resale Disclosure Package, available for a fee, is not provided automatically and must be requested. Information is available at www.fsresidential.com. If an Owner will be a member of more than one Association, then a Resale Disclosure Package must be ordered for each Association. The Resale Disclosure Package includes the following:

12 GENERAL USE OF COMMUNITY ASSOCIATION COMMON AREAS

12.1 Use of Facilities and Assumption of Risk

All use of Community Association facilities and all participation in Community Association programs are purely voluntary. Consult your physician before participating in any physical program or activity. Correspondingly, the recreational nature of all Community Association activities and programs potentially involves some personal or physical risk on the part of the participant. Program participation by a Resident or Guest is, therefore, interpreted as implicit acknowledgement and acceptance of the inherent risks.

The Community Association strives to consistently maintain its facilities in the highest quality condition. Maintenance of the Common Area Property may require closing the area. Periodic wear and tear, as well as seasonal or climatic factors, may temporarily render an area in less than optimum condition. If such a condition occurs, Residents and Guests should immediately contact the appropriate facility supervisor or the Community Association's Lifestyle Director/Community Association Manager for assistance. If a Resident or Guest accepts facility conditions, the Community Association will assume that the facility is free of obstruction or hindrance.

Unless negligence on the part of the Community Association is confirmed, the Community Association is not liable for personal injury or inconvenience sustained during the use of its facilities and programs. In ensuring that Residents and Guests are provided with a safe and enjoyable experience while using Community Association facilities, reasonably comprehensive policies, rules and signage have been developed. Prior to participating in any Community Association activity or program, Residents and Guests are encouraged to familiarize themselves with facility layout and operating policies and rules.

The Fining & Suspension Hearing Committee shall conduct its business in the best interest of the Association, and in accordance with Florida Statutes, this Charter, the Association's Declaration, Bylaws and Rules & Regulations.

A. Committee Hearing:

1. The Fining & Suspension Hearing Committee will meet as often as necessary. This is a statutory committee, meaning that all meetings will be noticed in the same manner as a Board of Directors meeting, and written notice of at least 14 days' notice by U.S. Mail shall be sent to the Owner or Resident subject to the potential fine or suspension. As such, the committee is a standing committee and would only meet at such times as the Board of Directors refers an alleged violation

for hearing.

2. All Fining & Suspension Hearing Committee Meetings shall be open to all Members of the Association.

3. The agenda for any Fining & Suspension Committee Hearing shall be the issue of the alleged violation. At the meeting the Managing Agent will provide copies to the Committee any supporting material or evidence as part of the Association's presentation in support of its claim of an Owner's violation. The accused Owner or Resident shall be entitled to review any material or evidence submitted by the Association at the hearing.

4. The affairs of the Association are private and thus, no member of the general public has a right to attend meetings or hearings of the Fining & Suspension Hearing Committee, except that an Owner has the right to be represented by an attorney.

5. Alleged violators, witnesses called during the hearing, the Managing Agent, counsel for the alleged violator, and members of the Fining & Suspension Hearing Committee shall have a right to be heard when recognized by the Chairperson or presiding officer of the meeting. The procedure for the Fining & Suspension Hearing shall be 1. Presentation of allegations, witnesses and evidence by the Association, 2. Defense of the allegations by the Owner. Strict rules of evidence and civil procedure shall not apply, but the Hearing will attempt to proceed with appropriate order and formality. In all cases, the Owner shall have the opportunity to question the testimony and evidence presented at the hearing and to raise factual or legal defenses. The Association shall have the burden of proving its case by at least a preponderance of the evidence. All other persons, including Association members in attendance during the hearing, shall have the right to be present, however, unlike with Board of Directors' meetings, there is no open forum and no opportunity to speak.

6. The Committee reserves the right, in its discretion, to sequester witnesses, the excluding of a witness from listening to the testimony of other witnesses, from the hearing until such time as they are called to present testimony. However, the Owner or Resident and the Association's Managing Agent shall be allowed to be present at all times during the hearing and are not subject to exclusion.

B. Reporting:

1. The Fining & Suspension Hearing Committee's Chairperson shall, ensure that a written report and recommendation of its findings as to each and every individual case shall be submitted to the Board of Directors following the hearing. All decisions of the Fining & Suspension Committee must be announced at the conclusion of the Hearing and prior to the adjournment of the Hearing. The Board of Directors provides a Violation Form for the Fining & Suspension Committee's use so that the report will include at least the following:

- a) the date and time of the hearing with confirmation of advance notice;
- b) list the alleged violation or violations;
- c) a summary of the material facts presented at the hearing regarding the pending allegations of violation; and,
- d) the vote indicating conclusion of the majority of the Committee members as to whether or not a violation did or did not occur, and if the violation was found to occur, the Committee should note the number of days that the violation existed as multi-day violations carry the possibility of a per day fine.
- e) the signature of the Committee Members who participated in the Hearing.

2. The Violation Form used by the Committee shall constitute the minutes of the Fining & Suspension Committee Hearing. Copies of all meeting minutes and the report and recommendation regarding specific hearings shall be delivered to the Managing Agent and Board of Directors as soon as is practical. The Owner will be provided a copy of the meeting minutes or the report and recommendation upon written request by Management at no charge.

19.4.2 Hearings

1. During a hearing, the Fining & Suspension Hearing Committee is not required to make inquiries of its own, but shall be permitted to ask questions of witnesses, including the Owner prior to reaching its decision on an alleged violation(s). The Committee's decision shall be based only upon a review of the oral, visual, audible and written evidence presented during the course of the Hearing, and not upon any outside or independent knowledge. Members of the Hearing Committee may NOT incorporate into the discussion or its decision-making process any first-hand knowledge they have of the alleged violation, including any independent observation of the alleged violation

as to do so would undermine the impartiality and the due process of the hearing process.

2. The decisions of the Fining & Suspension Hearing Committee are not to be policy decisions for the Association, and shall primarily relate to whether, in light of the facts submitted during the hearing process, there was or was not a violation of the Association's Declaration, Bylaws or Rules & Regulations. Even if the Committee believes the facts *should* constitute a violation but are do not actually violate any existing set of rules or restrictions, then the Committee shall exonerate the accused Owner – the Fining & Suspension Committee can't "legislate from the bench." Additionally, the Committee cannot find "no violation" based upon a theory that the violation is 'unfair' or 'inequitable' if a violation was in fact proven.

B. Source of Hearings.

The Board of Directors has the sole discretion of if and when a matter of alleged violation(s) should be referred to the Fining & Suspension Committee for hearing.

C. Findings by Hearing Committee.

The primary objective of the Fining & Suspension Hearing Committee at the conclusion of a hearing is to make a decision as to whether or not there has been a violation or violations of the Association's Declaration, Bylaws or Rules & Regulations, and if there was a violation, was it one that continued for more than multiple days. If the Fining & Suspension Committee has found that a violation has occurred, then the Board of Directors shall have the authority to levy and impose the appropriate fine or suspension. If the Fining & Suspension Committee finds that no violation occurred, then no fine or violation can be imposed by the Board of Directors.

4. The appeal to the Board of Directors is not intended to be a second Hearing on the existence of the violation, however, the Board of Directors may choose in its sole discretion to refer the matter back to the Fining & Suspension Committee for rehearing.

5. The Board of Directors may, at any time, in its discretion, during the hearing process, intervene on behalf of the Association. Such intervention by the Board of Directors will include, but shall not be limited to, initiating enforcement action as a result of the violation and/or terminating the Hearing process.
